discussed further below, the Office Action dated September 13, 2004 was not received by Applicant's attorney, therefore, the need to file a response was not added to Applicant's docket. As such, the failure to file a response was unavoidable.

REMARKS

On May 20, 2005, Applicant's counsel received the Notice of Abandonment (Exhibit A) from the United States Patent and Trademark Office. Upon receipt of the Notice, the file folder for the referenced application was pulled and both the Notice and the file folder were delivered to a patent paralegal for review. After review of the Notice of Abandonment, the paralegal performed a search on the firm's patent docket for information regarding the September 13, 2004 Office Action. It was determined by reviewing the docket and by a search of the file folder, that the September 13, 2004 Office Action had not been received by Applicant's counsel and, therefore, had not been docketed. The paralegal then printed a copy of the docket sheet where the Office Action would have been docketed had it been received. This document is attached hereto as Exhibit B. An examination of Exhibit B shows that the last entry made to the docket for this application was made on January 13, 2005. Exhibit C, is a photocopy of the January 13, 2005 docket entry, and is attached to show that the modification to the docket was made in reference to the Applicant's instructions not to file foreign applications. There is no reference to the September 2004 Office Action.

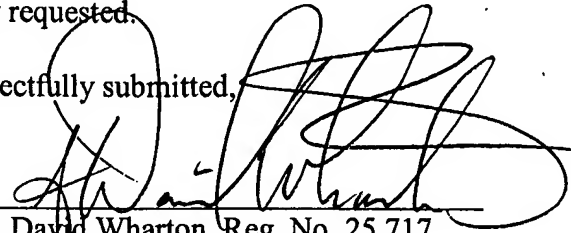

In view of the afore-described facts, Applicant respectfully submits that the failure to timely file a reply was due to nonreceipt of the Office Action by Applicant's attorney and, thus, was unavoidable. As such, it is requested that the holding of abandonment be withdrawn and that the Office Action be reissued with a new response date.

The undersigned is submitting this Petition under 37 CFR 1.181 and, as such, a fee is not required. If, however, it is determined that a fee is required, the undersigned hereby authorizes the Commissioner to charge Deposit Account No. 19-4409 for the necessary fee.

Acknowledgment of receipt is respectfully requested.

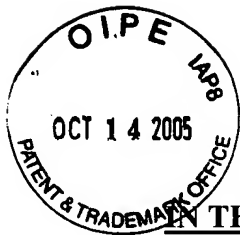

Respectfully submitted,

**REQUEST FOR RECONSIDERATION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This Request for Reconsideration is being filed in response to the Decision on Petition to Withdraw the Holding of Abandonment dated September 22, 2005. Applicant hereby requests reconsideration of the dismissal of his Petition to withdraw abandonment of the above-identified application. This application became abandoned for failure to timely file a proper reply to an Office Action dated September 13, 2004.

On May 20, 2005, Applicant's counsel received a Notice of Abandonment from the United States Patent and Trademark Office. Upon receipt of the Notice, the file folder for the referenced application was pulled and both the Notice and the file folder were delivered to a patent paralegal for review. After review of the Notice of Abandonment, the paralegal performed a search on the firm's patent docket for information regarding the September 13, 2004

Office Action. It was determined by reviewing the docket and by a search of the file folder, that the September 13, 2004 Office Action had not been received by Applicant's counsel and, therefore, had not been docketed. Applicant submits that the failure to timely file a reply was due to nonreceipt of the Office Action by Applicant's attorney and, thus, was unavoidable.

In support of Applicant's original Petition to Withdraw Holding of Abandonment filed June 15, 2005, the following Exhibits were previously submitted to the Office (copies attached):

1. A copy of the Notice of Abandonment mailed on May 17, 2005, Exhibit A.
2. A copy of the docket sheet for Serial No. 10/779,916 run on May 20, 2005, the date of receipt of the Notice of Abandonment, Exhibit B
3. A photograph of the docket page for Serial No. 10/779,916 evidencing the last docket entry for the above-referenced application was made on January 13, 2005, Exhibit C.

According to the Office's September 22, 2005 Decision, Applicant has submitted an acceptable statement that the Office Action dated September 13, 2004 was not received by Counsel. Additionally, the Office confirms that Counsel provided a statement that a search of the file jacket and docket records indicated that the Office Action was not received. However, the Office states that the submission of Exhibits B and C are not sufficient to cover the requirement of a complete docket record including a list of all responses in Counsel's office having a response date at and around March 13, 2005.

In response to the Examiner's request for additional information, Applicant submits Exhibits D, E, F and G at this time. Exhibit D is a copy of the monthly docket for attorney J. David Wharton for December, 2004. This docket lists all cases for which Mr. Wharton had responsibility with a due date in the month of December, 2004. December would have been the

initial three-month deadline for the Office Action of September 13, 2004 which was never received. As the Examiner can readily ascertain from reviewing Exhibit D, there is no entry for the subject application for the month of December, 2004.

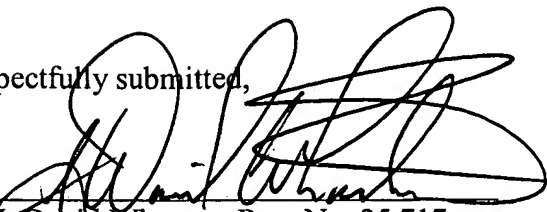

Applicant is also submitting Exhibit E which is a copy of the docket of Applicant's law firm showing action taken for all cases having due dates in December, 2004. This docket verifies that responses were timely filed in all cases where such action was required during the month of December, 2004.

Also submitted at this time is Exhibit F which is a copy of the docket of the monthly docket for attorney J. David Wharton for the month of March, 2005. March was the six-month extended deadline for responding to the Office Action of September 13, 2004. Once again, there is no entry for the subject application. Finally, Applicant submits Exhibit G which is the docket sheet for all cases being handled by Applicant's law firm showing the action taken for cases having due dates in March of 2005. Once again, there is no entry reflecting any action taken for the subject application although this docket reflects that timely responses were filed in all other cases having a March, 2005 deadline.

In view of the foregoing additional evidence, Applicant submits that it is clear that the failure to file a timely reply to the September, 2004 Office Action was due to non-receipt of the Office Action by the undersigned attorney and thus, was unavoidable. Accordingly, in accordance with Patent and Trademark Office Guidelines, the holding of abandonment should be withdrawn and the Office Action reissued with a new response date. Acknowledgement of receipt of this Request for Reconsideration is requested.

Respectfully submitted,
